## IN A CAR ACCIDENT

**D. B. LINVILLE, SKIDMORE, KILLED WHEN CAR IS DITCHED.**

## HAPPENED NEAR GRAHAM

**Edward Dawson, Driving Car to St. Joseph, Receives Slight Injuries As Machine Turns Over.**

D. B. Linville, 50 years old, was instantly killed and Edward Dawson was slightly bruised in an automobile accident which occurred about 5 o'clock yesterday afternoon near the Black farm, six miles southeast of Graham.

Mr. Linville and Mr. Dawson, who have neighboring farms three miles southeast of Skidmore, set out in a Ford car for St. Joseph. Just at the Black farm there is a graded road with a deep ditch on each side. Mr. Linville called Mr. Dawson's attention to a ditching machine that was being used in road work near there and Mr. Dawson in glancing around failed to keep the car on the road. It turned over into the ditch burying the men beneath it. Mr. Linville's right side was crushed and Mr. Dawson received a few minor injuries.

Farmers in the vicinity who saw the accident came to the rescue of the men and brought them to their home.

Mr. Linville was born and reared in Nodaway county and is survived by his wife, and four children, Harvey Leland, Hattie and Rinda, all of whom are at home. He is the son of the late Henry Linville, who died about a year ago, and who was a pioneer of Nodaway county.

Besides Mr. Linville's mother, the following brothers and sisters survive: J. W. Linville, Skidmore; Mrs. Tom Groves, Graham; Mrs. Martha Suetterlin, Skidmore; Mrs. Mollie Groves, Maryville, and Mrs. Sarah Strickler, Skidmore. Mr. Linville also had three half brothers.

Funeral services for Mr. Linville will be held at 2:30 o'clock tomorrow afternoon, the Rev. M. DeWitt, pastor of the South Methodist church, officiating. Burial will be in Graham cemetery.

Gossip is rife Coin over the case and the preliminary hearing will no doubt be well attended.—Shenandoah World.

## WILL CLEAN STREETS

**CITY AND COMMERCIAL CLUB WILL CO-OPERATE IN WORK.**

## WILL BE SPRINKLED, TOO

**Two Men Will Be Kept on Streets All the Time to Keep Them in Condition.**

All of the paved streets in the business district of Maryville will be kept cleaned and sprinkled through the co-operation of the City Welfare committee of the Commercial club, headed by Dr. Will Wallis, Jr., and the City street committee, headed by J. F. Colby.

The plan as outlined by J. F. Colby in charge of the work will be to employ two "white wings" on the street all of the time in order to keep the debris and dirt gathered up. The money spent for this purpose will be given by the city from the fund secured from the vehicle tax.

The city welfare committee of the Commercial club will furnish the money for the sprinkling although the work will be in charge of the city. By this means the city will be assisted by the Commercial club in meeting the expense of keeping Maryville streets in good condition.

The street cleaning proposition which was started by Harvey L. Haines and Prof. P. O. Landon has been changed. The money contributed by the merchants of the block for street cleaning purposes in their vicinity has been refunded and these merchants will lend their aid to the general plan proposed by the city and Commercial club.

## ON A PEDESTRIAN TOUR

**Frank Burch, 18, Stops in Maryville On Way From Pennsylvania to Idaho to Earn $5,000.**

Frank Burch, 18 years old, stopped in Maryville today on a pedestrian tour from Erie, Pa., to Nampa, Idaho.

Mr. Burch is sent out by the Erie City and Country club, which offered $5,000 to the young man who would make the trip from Pennsylvania to Idaho, beginning June 1 and ending September 1.

According to the stipulation for earning the money the boy is allowed to stop only three times a day at meal time and may take rides in conveyances only when asked.

He calls for his mail at all of the important places on the route as a proof that he has visited the towns.

He started out without money but uses his ability as a musician to earn enough to live on. He writes a history of his trip, the account of which is to be turned over to the Erie club on his return.

At Kirksville Mr. Burch was ill and was treated by Dr. H. M. Still, who gave him the names of the osteopath doctors along the way. At the Bainum in Maryville he was entertained by Dr. Eula Godby. He played at the Electric Theatre last night.

## CALL NAT'L GUARD AUG. 5

**State Troops Will Probably Spend Christmas in European Trenches If Plans Work Out.**

Special to The Democrat-Forum.

Washington, July 10.—The last step necessary to make the entire national guard available for duty in France was taken yesterday by President Wilson with the issue of a proclamation drafting the state troops into the army of the United States on August 5.

To make certain that the purpose of the National Defense Act is carried out, the proclamation also specifically declares the men drafted to be discharged from the old militia status on that date. In that way the constitutional restraint upon use of militia outside the country is avoided and the way paved for sending the regiments to the European front.

The Missouri national guard formally drafted into the federal service August 5, will be trained in a camp at Deming, N. M., instead of Fort Sill, as originally planned.

It seems assured now that the Missouri division will spend Christmas day behind the trenches in France for it is planned to rush the Southern training and give them intensive work in France just like Pershing's regulars.

Phares assisted in the organization of a unit at Skidmore Sunday afternoon, and the following officers were elected: Chairman, Miss Dora Albright; vice-chairman Miss Frances Montgomery; secretary and treasurer Mrs. J. ## A CARNEGIE HERO---NEARLY

**Chester Lyle Dives Into the Water to Save Miss Marie Cook, But the Boat Beats Him.**

At the Alderman-Yehle picnic at the Hastings pond last night Chester Lyle became one of the eligibles for a Carnegie medal by attempting to save the life of Miss Marie Cook.

Miss Cook was in a boat and desiring to step on the bank, she caught hold of a spring board. By this she hoped to swing herself on to the shore. As she caught the board the boat slipped away and left her clinging to the board and unable to swing herself out on the bank.

Here is where the hero appeared. He saw Miss Cook's predicament and although unable to swim, he dived gallantly into the water. The mud was as deep as the water but Chester with visions of the gold hero medal floating before his eyes, struggled onward. Just as he was about to assist the girl, the boat came along and took away his chance to become one of Carnegie's heroes.

## THE FLAG POLE ARRIVES

**75-Foot Flag Staff Will Probably Be Dedicated to Fourth Regiment Band and to Maryville's Soldiers.**

The flag pole which was recently purchased by M. A. Hahn as chairman of the committee is here, having arrived from Kansas City today. The cost of the pole was $145. The pole will be 75 feet high above the ground and is much larger than the G. A. R. pole, which was recently removed. The pole is to be laid in an 8-foot concrete base and each joint of the pole is telescoped three feet.

The location for the pole has not yet been decided. It has been suggested to put the pole at the intersection of either Third and Main, or Fourth and Main. The pole will probably be dedicated to the members of the Fourth Regiment band and boys of Maryville who are to go to war.

### Kansas City Live Stock Letter.

Kansas City Stock Yards, July 9.—Cattle receipts today were 16,000, lightest Monday run in three weeks, market steady to 10c higher, top $13.15. Hogs today 10,000, mostly 10c lower, top $15.80. Sheep and lambs 4,200, nothing choice. Native spring lambs $15.50. Arizonas $15.40.

**Beef Cattle.**

Rains last week relieved the drouth situation, and the break in prices two weeks ago shut off loading last week, hence the drop in receipts today. In the worst drouth sections in Texas, cattle have either been marketed or sent to pastures elsewhere, and there are few weather cattle this week. Lower priced grass steers advanced 15 to 25 cents last week and are stronger today, Oklahomas selling at $7.00 to $9.50, veals strong, up to $13.75. Some medium Kansas grass steers sold at $10.50 this morning. Good to choice steers are barely steady with a week ago, tops today $13.15. Cows advanced 25 cents last week, and are strong to 15c higher today, grass cows at $7.00 to $7.75, best heavy cows $10.00. Seven loads of 1,000lb California steers sold at $9.45.

**Stockers and Feeders.**

Sales were steady to strong today, following steady markets last week. Two loads of good Kansas white face stock steers, 800lb average, sold at $9.25, and two loads of fancy Panhandle white face stock heifers, 495lb average, brought $9.00, about the limit in each class. Common stock steers sold around $7.00. Feeding steers sell at $8.50 to $9.50, some heavy feeders last week up to $12.00.

**Hogs.**

A run of fifty thousand hogs at Chicago was too much for the situation today, and prices here opened 10c to 20c lower. This was modified later to 10c lower, certain sales of light hogs close to steady. Best heavies sold at $15.80, medium weights $15.75, best lights $15.45, bulk of sales $15.00 to $15.75. The run at Chicago today was 15,000 above the estimate for today made Saturday. Action of the market today indicates that it will not be an easy matter to put prices down, a possibility suggested in some quarters last week.

**Sheep and Lambs.**

Bad mutton and lamb markets in the East last week took the life out of the sheep and lamb market, and depressed prices $1 to $1.50 per cwt. The market is steady today, at the decline, choice spring lambs possibly worth around $16.00. Fat ewes sell up to $9.00, and there is a good demand for breeding ewes, what few that arrive selling at $10.00 to $12.25 per cwt. Light receipts are expected balance of this week.

### Son For Carmichael's.

### THE NEST EGG MUST GO

**Experts Now Claim That They Cause Loss of Many Good Eggs During Summer.**

Nest eggs, either china ones or eggs laid by the hens and left in the nest as nest eggs, cause the loss of many good eggs during the summer.

Experiments show that when an egg is left in the nest, the hen fondles it and in so doing, the broody instinct is stimulated causing the hen to go broody oftener than where the egg is removed each day. Hens when broken from their broodiness promptly lose ten days' time in which they should be producing eggs. Without nest eggs the hens do not go broody so often so do not lose as much time.

The only excuse for using a nest egg is to attract hens to the nest. This is unnecessary where a sufficient number of suitable nests are provided. In the National Egg Laying contests conducted at this place the last five years, the hens averaged 150 eggs each and laid continually in the same nests without nest eggs.

The hen's egg when used as a nest egg is usually spoiled itself which is that much lost unnecessarily. The spoiled nest egg is often gathered through mistake with good eggs and marketed, causing loss to the consumer.

A good rule to follow then is: "When broody hens are wanted, leave eggs in the nest; when not wanted, remove all eggs."

### WAR CUTS VACATIONS

**Trips Are Now Limited to Short Inexpensive Stays Near Training Camps—Train Service Cut.**

New York, July 10.—America is not going vacationless because of the war, investigation disclosed today, but it's taking "war vacations," short and cheap.

A "war vacation" is a brief, inexpensive camping trip near home, a few days near "the boys" at Plattsburg or Niagara, Madison Barracks and other training camps.

Canvass of the big railroad systems today revealed that thousands of American fathers, mothers, sisters, brothers, and sweethearts have pitched camps of their own near the officers' reserve camps or are vacationing in villages nearby.

"Take Niagara, for instance," a representative of the Erie said: "many of the boys there are from Philadelphia, and vacation tourist business between Philadelphia and Fort Niagara has been tremendous. This applies to other training camps on other roads."

The roads report only a slight curtailment of tourist and vacation travel generally this year.

**Travel in West Big.**

The Middle West isn't quite so prone to give up its luxurious two weeks to two months galivanting. There is an exceptionally high tourist business from Chicago to points in California and Colorado.

Curtailment of the number of trains on Eastern roads has made even short trips less convenient, but they're being taken, nevertheless.

There is only one Eastern road running any excursions. That is the Jersey Central. And they are short and few.

**Cut Number of Trains.**

"We feel it is our patriotic duty to cut down all but through service, which the government needs for troops and munitions," the representative of one big railroad system said. "This meant curtailment on local service and branch lines. But the public insists on crowding its vacation ideas into what little local service there is left."—Ex.

**A WOMAN'S VOCATION.**

One of our modern writers has said "A woman is as efficient in business as a man—when she is."

The reason why sometimes she is not so efficient is that her health may fail. But the wise business woman knows now what to do when attacked by the ailments peculiar to the so-called "weaker sex." That greatest of all remedies for woman's ills, Lydia E. Pinkham's Vegetable Compound, has been freeing women from such ailments for forty years. Try it, if you suffer from such an ailment, and insure your competency and efficiency in the business world.

**Rev. Rust, Surprised.**

Last Saturday about noon before Rev. W. H. Rust of Burlington Junction started for his appointment at the Christian church at Gaynor City, where he has been pastor for the last five years, he was called over the telephone and told to remain at home as the church was being papered and was not finished. He was delighted to have a Sunday at home with his family and to have the pleasure of hearing the Rev. Mr. Weaver preach. On Sunday morning while preparing to go to church, Mrs. Rust said she would remain at home and have dinner ready on his return.

On returning from church, Rev. Rust found nineteen automobiles parked about his premises and more than 100 persons from Gaynor City and vicinity had taken possession of his home. A 50-foot table had been prepared in the shade of the great trees on the lawn, and groaning under the burden of good things to eat, prepared by the good people from Gaynor. After doing ample justice to the dinner, the afternoon was spent in singing and social conversation. **Among the evidences of the worth while quality of Chautauqua nothing is more convincing than the scores of authentic stories which are constantly reported of young men and women who have caught a vision of greater possibilities and higher ideals by hearing an inspiring address under the "big brown top."**

Katharine Ridgeway

**Katherine Ridgeway, universally acknowledged to be the greatest reader before the public and known wherever the Lyceum has gone, received her inspiration for better things when she heard a lecture by Bishop Vincent. The lecture gave her visions of a new world and filled her mind with unrest. She resolved to make her life count for something worth while and now for years she has been going up and down the land bringing hope to hearts that had no hope, causing smiles to come where shadows had rested and flooding tired eyes with happy tears.**

Get Ready Now for the County Fair

Now is the time of year to begin to get ready for our County Fair. Everyone in the county is interested and should take an interest and help push it to the front, and not to depend on one or two people to make it successful. Our adjoining counties have started fairs, and for that reason we ought to make a greater showing than ever before. We have the same dates as the Savannah fair in an adjoining county and we should make every effect to make our fair bigger and better than ever.

Now the township exhibits should be bigger. We should have more of them, as there will be liberal prizes offered for the township exhibits. There will be other prizes offered and everyone should make it a point to bring something and the public is invited to do this, as there is no entry fee in the way of agriculture and live stock exhibits of all kinds. Our catalogs will be out within a few day, as they are in the printer's hands now, but it is not necessary to wait for the catalog. Commence to get ready now. The small grains, grasses and alfalfa are ready now. Commence saving for the exhibits and the stock can be easily fixed up, since the pastures are good. The dates of fair is September 3 to 8 inclusive. This gives ample time for you to get ready. Last year our fair in some ways was equal to the State Fair and we can do even better this year than last.

## IN A CAR ACCIDENT

D. B. LINVILLE, SKIDMORE, KILLED WHEN CAR IS DITCHED.

## HAPPENED NEAR GRAHAM

**Edward Dawson, Driving Car to St. Joseph, Receives Slight Injuries As Machine Turns Over.**

D. B. Linville, 50 years old, was instantly killed and Edward Dawson was slightly bruised in an automobile accident which occurred about 5 o'clock yesterday afternoon near the Black farm, six miles southeast of Graham.

Mr. Linville and Mr. Dawson, who have neighboring farms three miles southeast of Skidmore, set out in a Ford car for St. Joseph. Just at the Black farm there is a graded road with a deep ditch on each side. Mr. Linville called Mr. Dawson's attention to a ditching machine that was being used in road work near there and Mr. Dawson in glancing around failed to keep the car on the road. It turned over into the ditch burying the men beneath it. Mr. Linville's right side was crushed and Mr. Dawson received a few minor injuries.

Farmers in the vicinity who saw the accident came to the rescue of the men and brought them to their home.

Mr. Linville was born and reared in Nodaway county and is survived by his wife, and four children, Harvey Leland, Hattie and Rinda, all of whom are at home. He is the son of the late Henry Linville, who died about a year ago, and who was a pioneer of Nodaway county.

Besides Mr. Linville's mother, the following brothers and sisters survive: J. W. Linville, Skidmore; Mrs. Tom Groves, Graham; Mrs. Martha Suetterlin, Skidmore; Mrs. Mollie Groves, Maryville, and Mrs. Sarah Strickler, Skidmore. Mr. Linville also had three half brothers.

Funeral services for Mr. Linville will be held at 2:30 o'clock tomorrow afternoon, the Rev. M. DeWitt, pastor of the South Methodist church, officiating. Burial will be in Graham cemetery.

## WILL CLEAN STREETS

CITY AND COMMERCIAL CLUB WILL CO-OPERATE IN WORK.

## WILL BE SPRINKLED, TOO

**Two Men Will Be Kept on Streets All the Time to Keep Them in Condition.**

All of the paved streets in the business district of Maryville will be kept cleaned and sprinkled through the co-operation of the City Welfare committee of the Commercial club, headed by Dr. Will Wallis, Jr., and the City street committee, headed by J. F. Colby.

The plan as outlined by J. F. Colby in charge of the work will be to employ two "white wings" on the street all of the time in order to keep the debris and dirt gathered up. The money spent for this purpose will be given by the city from the fund secured from the vehicle tax.

The city welfare committee of the Commercial club will furnish the money for the sprinkling although the work will be in charge of the city. By this means the city will be assisted by the Commercial club in meeting the expense of keeping Maryville streets in good condition.

The street cleaning proposition which was started by Harvey L. Haines and Prof. P. O. Landon has been changed. The money contributed by the merchants of the block for street cleaning purposes in their vicinity has been refunded and these merchants will lend their aid to the general plan proposed by the city and Commercial club.

## CALL NAT'L GUARD AUG. 5

**State Troops Will Probably Spend Christmas in European Trenches If Plans Work Out.**

Special to The Democrat-Forum.

Washington, July 10.—The last step necessary to make the entire national guard available for duty in France was taken yesterday by President Wilson with the issue of a proclamation drafting the state troops into the army of the United States on August 5.

To make certain that the purpose of the National Defense Act is carried out, the proclamation also specifically declares the men drafted to be discharged from the old militia status on that date. In that way the constitutional restraint upon use of militia outside the country is avoided and the way paved for sending the regiments to the European front.

The Missouri national guard formally drafted into the federal service August 5, will be trained in a camp at Deming, N. M., instead of Fort Sill, as originally planned.

It seems assured now that the Missouri division will spend Christmas day behind the trenches in France for it is planned to rush the Southern training and give them intensive work in France just like Pershing's regulars.

## A CARNEGIE HERO---NEARLY

**Chester Lyle Dives Into the Water to Save Miss Marie Cook, But the Boat Beats Him.**

At the Alderman-Yehle picnic at the Hastings pond last night Chester Lyle became one of the eligibles for a Carnegie medal by attempting to save the life of Miss Marie Cook.

Miss Cook was in a boat and desiring to step on the bank, she caught hold of a spring board. By this she hoped to swing herself on to the shore. As she caught the board the boat slipped away and left her clinging to the board and unable to swing herself out on the bank.

Here is where the hero appeared. He saw Miss Cook's predicament and although unable to swim, he dived gallantly into the water. The mud was as deep as the water but Chester with visions of the gold hero medal floating before his eyes, struggled onward. Just as he was about to assist the girl, the boat came along and took away his chance to become one of Carnegie's heroes.

## THE FLAG POLE ARRIVES

**75-Foot Flag Staff Will Probably Be Dedicated to Fourth Regiment Band and to Maryville's Soldiers.**

The flag pole which was recently purchased by M. A. Hahn as chairman of the committee is here, having arrived from Kansas City today. The cost of the pole was $145. The pole will be 75 feet high above the ground and is much larger than the G. A. R. pole, which was recently removed. The pole is to be laid in an 8-foot concrete base and each joint of the pole is telescoped three feet.

The location for the pole has not yet been decided. It has been suggested to put the pole at the intersection of either Third and Main, or Fourth and Main. The pole will probably be dedicated to the members of the Fourth Regiment band and boys of Maryville who are to go to war.

**Kansas City Live Stock Letter.**

Kansas City Stock Yards, July 9.—Cattle receipts today were 16,000, lightest Monday run in three weeks, market steady to 10c higher, top $13.15. Hogs today 10,000, mostly 10c lower, top $15.80. Sheep and lambs 4,200, nothing choice. Native spring lambs $15.50. Arizonas $15.40.

**Beef Cattle.**

Rains last week relieved the drouth situation, and the break in prices two weeks ago shut off loading last week, hence the drop in receipts today. In the worst drouth sections in Texas, cattle have either been marketed or sent to pastures elsewhere, and there are few weather cattle this week. Lower priced grass steers advanced 15 to 25 cents last week and are stronger today, Oklahomas selling at $7.00 to $9.50, veals strong, up to $13.75. Some medium Kansas grass steers sold at $10.50 this morning. Good to choice steers are barely steady with a week ago, tops today $13.15. Cows advanced 25 cents last week, and are strong to 15c higher today, grass cows at $7.00 to $7.75, best heavy cows $10.00. Seven loads of 1,000lb California steers sold at $9.45.

**Stockers and Feeders.**

Sales were steady to strong today, following steady markets last week. Two loads of good Kansas white face stock steers, 800lb average, sold at $9.25, and two loads of fancy Panhandle white face stock heifers, 495lb average, brought $9.00, about the limit in each class. Common stock steers sold around $7.00. Feeding steers sell at $8.50 to $9.50, some heavy feeders last week up to $12.00.

**Hogs.**

A run of fifty thousand hogs at Chicago was too much for the situation today, and prices here opened 10c to 20c lower. This was modified later to 10c lower, certain sales of light hogs close to steady. Best heavies sold at $15.80, medium weights $15.75, best lights $15.45, bulk of sales $15.00 to $15.75. The run at Chicago today was 15,000 above the estimate for today made Saturday. Action of the market today indicates that it will not be an easy matter to put prices down, a possibility suggested in some quarters last week.

**Sheep and Lambs.**

Bad mutton and lamb markets in the East last week took the life out of the sheep and lamb market, and depressed prices $1 to $1.50 per cwt. The market is steady today, at the decline, choice spring lambs possibly worth around $16.00. Fat ewes sell up to $9.00, and there is a good demand for breeding ewes, what few that arrive selling at $10.00 to $12.25 per cwt. Light receipts are expected balance of this week.

**Son For Carmichael's.**

Mr. and Mrs. Dorothy Carmichael of Pickering announce the birth of a son July 4. Mrs. Carmichael is at the home of her parents, Mr. and Mrs. E. C. Moore at Maryville.

## THE NEST EGG MUST GO

**Experts Now Claim That They Cause Loss of Many Good Eggs During Summer.**

Nest eggs, either china ones or eggs laid by the hens and left in the nest as nest eggs, cause the loss of many good eggs during the summer.

Experiments show that when an egg is left in the nest, the hen fondles it and in so doing, the broody instinct is stimulated causing the hen to go broody oftener than where the egg is removed each day. Hens when broken from their broodiness promptly lose ten days' time in which they should be producing eggs. Without nest eggs the hens do not go broody so often so do not lose as much time.

The only excuse for using a nest egg is to attract hens to the nest. This is unnecessary where a sufficient number of suitable nests are provided. In the National Egg Laying contests conducted at this place the last five years, the hens averaged 150 eggs each and laid continually in the same nests without nest eggs.

The hen's egg when used as a nest egg is usually spoiled itself which is that much lost unnecessarily. The spoiled nest egg is often gathered through mistake with good eggs and marketed, causing loss to the consumer.

A good rule to follow then is: "When broody hens are wanted, leave eggs in the nest; when not wanted, remove all eggs."

## WAR CUTS VACATIONS

**Trips Are Now Limited to Short Inexpensive Stays Near Training Camps—Train Service Cut.**

New York, July 10.—America is not going vacationless because of the war, investigation disclosed today, but it's taking "war vacations," short and cheap.

A "war vacation" is a brief, inexpensive camping trip near home, a few days near "the boys" at Plattsburg or Niagara, Madison Barracks and other training camps.

Canvass of the big railroad systems today revealed that thousands of American fathers, mothers, sisters, brothers, and sweethearts have pitched camps of their own near the officers' reserve camps or are vacationing in villages nearby.

"Take Niagara, for instance," a representative of the Erie said: "many of the boys there are from Philadelphia, and vacation tourist business between Philadelphia and Fort Niagara has been tremendous. This applies to other training camps on other roads."

The roads report only a slight curtailment of tourist and vacation travel generally this year.

**Travel In West Big.**

The Middle West isn't quite so prone to give up its luxurious two weeks to two months galivanting. There is an exceptionally high tourist business from Chicago to points in California and Colorado.

Curtailment of the number of trains on Eastern roads has made even short trips less convenient, but they're being taken, nevertheless.

There is only one Eastern road running any excursions. That is the Jersey Central. And they are short and few.

**Cut Number of Trains.**

"We feel it is our patriotic duty to cut down all but through service, which the government needs for troops and munitions," the representative of one big railroad system said. "This meant curtailment on local service and branch lines. But the public insists on crowding its vacation ideas into what little local service there is left."—Ex.

### A WOMAN'S VOCATION.

One of our modern writers has said "A woman is as efficient in business as a man—when she is."

The reason why sometimes she is not so efficient is that her health may fail. But the wise business woman knows now what to do when attacked by the ailments peculiar to the so-called "weaker sex." That greatest of all remedies for woman's ills, Lydia E. Pinkham's Vegetable Compound, has been freeing women from such ailments for forty years. Try it, if you suffer from such an ailment, and insure your competency and efficiency in the business world.

Misses Agatha Kroetch and Lucy Sturm will leave Thursday for Phillips, S. D., for a visit with friends and relatives.

### Rev. Rust, Surprised.

Last Saturday about noon before Rev. W. H. Rust of Burlington Junction started for his appointment at the Christian church at Gaynor City, where he has been pastor for the last five years, he was called over the telephone and told to remain at home as the church was being papered and was not finished. He was delighted to have a Sunday at home with his family and to have the pleasure of hearing the Rev. Mr. Weaver preach. On Sunday morning while preparing to go to church, Mrs. Rust said she would remain at home and have dinner ready on his return.

On returning from church, Rev. Rust found nineteen automobiles parked about his premises and more than 100 persons from Gaynor City and vicinity had taken possession of his home. A 50-foot table had been prepared in the shade of the great trees on the lawn, and groaning under the burden of good things to eat, prepared by the good people from Gaynor. After doing ample justice to the dinner, the afternoon was spent in singing and social conversation. About 4 o'clock the company began leaving, all expressing themselves as delighted with the visit at the home of their pastor.

## Platform's Greatest Reader Got Her Inspiration from Hearing a Lecture by Bishop Vincent

## DAUGHTER OF CONFEDERATE

### Queenly Southern Woman Has Brought Happiness to Thousands and Has Caused Deeper Patriotism Wherever She Has Been

Among the evidences of the worth while quality of Chautauqua nothing is more convincing than the scores of authentic stories which are constantly reported of young men and women who have caught a vision of greater possibilities and higher ideals by hearing an inspiring address under the "big brown top."

Katharine Ridgeway

Katherine Ridgeway, universally acknowledged to be the greatest reader before the public and known wherever the Lyceum has gone, received her inspiration for better things when she heard a lecture by Bishop Vincent. The lecture gave her visions of a new world and filled her mind with unrest. She resolved to make her life count for something worth while and now for years she has been going up and down the land bringing hope to hearts that had no hope, causing smiles to come where shadows had rested and flooding tired eyes with happy tears.

By far the most clever picture that has ever been shown in Maryville was "Little Miss George Washington," with Marguerite Clark as the star, which was given at the Empire Theatre last night. Taking Things *for* Granted

TAKE nothing for granted. The cup of failure is waiting for the man who is always taking things for granted

He trusts everyone but himself.

Few things just "turn up," but are brought about by the ingenuity and cleverness of someone.

Take nothing for granted, a bank account will not "turn up," you must give it a start and then back it up.

# Get Ready Now for the County Fair

Now is the time of year to begin to get ready for our County Fair. Everyone in the county is interested and should take an interest and help push it to the front, and not to depend on one or two people to make it successful. Our adjoining counties have started fairs, and for that reason we ought to make a greater showing than ever before. We have the same dates as the Savannah fair in an adjoining county and we should make every effect to make our fair bigger and better than ever.

Now the township exhibits should be bigger. We should have more of them, as there will be liberal prizes offered for the township exhibits. There will be other prizes offered and everyone should make it a point to bring something and the public is invited to do this, as there is no entry fee in the way of agriculture and live stock exhibits of all kinds. Our catalogs will be out within a few day, as they are in the printer's hands now, but it is not necessary to wait for the catalog. Commence to get ready now. The small grains, grasses and alfalfa are ready now. Commence saving for the exhibits and the stock can be easily fixed up, since the pastures are good. The dates of fair is September 3 to 8 inclusive. This gives ample time for you to get ready. Last year our fair in some ways was equal to the State Fair and we can do even better this year than last.
